R.O.C. No. 1407 B/32

Station Madras, *Dated the* 15th July 19 32

From (Name) R.Littlehailes Esq., M.A., C.I.E.,
(Designation) Director of Public Instruction

To The Secretary to the Government of Madras,
Law (Education) Department.

Sir,

In submitting herewith the letter Ref.C.No.28-32-33 dated 4-7-32 from the Chairman, Municipal Council, Mangalore I have the honour to state as follows:-

(V) 2. In G.O.No.622 L.E., dated 16-4-31 a subsidy not exceeding one half of the cost of construction subject to a maximum of Rs.6600 was promised to the Municipal Council, Mangalore, towards the construction of buildings for an elementary school for girls at Pentlandpeta and an elementary school for boys at Attavar. The estimated cost of the buildings was Rs.13200.

3. The Chairman now reports that the actual cost of construction of the buildings has come to Rs.11180 and that the subsidy payable thereon is only Rs 5590. There is thus a balance of Rs.1010 in the maximum subsidy payable. The Chairman requests that sanction may be accorded for the utilization of this balance towards the construction of urinals and compound walls to the above mentioned two schools. The estimated cost of these items of work is Rs.2245. The Chairman's request is supported subject to the condition that the cost over and above Rs.1010 is met from the general revenues of the Municipal Council and that the work is completed and the subsidy claimed before the end of 1932-33.

6600
5590
1010

I have the honour to be,

Sir,

Your most obedient servant,

C. P. Subramaniam

Ref Cl. No. 28 - 32 - 33.

Station Mangalore, Dated the 4th July 1932.

From (Name) M. R. Ry. K. Vittal Shetty, Avargal.,
(Designation) Chairman, Municipal Council, Mangalore

To The Secretary to the Government of Madras,
THROUGH
THE DIRECTOR OF PUBLIC INSTRUCTION, LAW. (EDUCATION) Department.
MADRAS.

Sir,

Reference:- Government Memorandum No. 933 - A - 2, dated the 1st April 1932.

p 18 of G.O.Nc 386 (L) 11-3-32

****

In G. O. No. 622 L. E. dated the 16th April 1931, Government had sanctioned a subsidy not exceeding one-half of the actual cost of construction of two buildings - one for the Pentland Pettah girls' and the other for Attavar boys' schools - subject to the maximum of Rs. 6,600. The cost of construction of the two buildings was originally estimated at Rs. 13,200.

invitation of tenders and as the rates tendered by contractors were lower in respect of some of the items of work than those provided for in the estimates, the actual cost of construction of the two buildings has amounted to only Rs.11,180 and the subsidy due from Government amounts to Rs.5,590. There is thus a savings of Rs.1,010 available out of the amount of Rs.6,600, sanctioned as subsidy.

2. The estimates provided for school buildings only and there was no provision therein for either urinals or compound walls. The provisions of a urinal for each of the schools is quite essential and so also a compound wall to protect the school garden from being tresspassed. It is therefore propos subject to the approval of Government to utilize the savings, towards the cost of providing these two indispensable items of work.

3. A plan and estimate prepared for construction of an urinal for each of the two schools are enclosed. The plan provides for four seats in each urinal - three for use as urinals and one as a latrine. The design has been prepared in consultation with the Municipal Health Officer and as suitable for schools. Roofing has also been provided for as the same is essential to protect children from rain when makin use of the building. The cost of the two urinals amounts to Rs. 700 at Rs. 350 each.

4. The garden of the school building at Attavar is at present protected with walls on two sides. It is in need of w on the eastern and western sides. The former adjoins a publi road, and the latte

of walls on these two sides is therefore a necessity. The cos of construction of these two walls are estimated at Rs.370. T

with a wall is an absolute necessity. The cost of erecting a wall all round is estimated to cost Rs.1,170. The construction of compound walls in the case of both the school buildings has been estimated on a very economical basis. The wall is to be built in puddled mud between stone pillars over broken laterite concrete for foundations. The top of the walls is to be covered with a layer of stones in chunam forcoping. The estimates are enclosed.

5. The total estimated cost of constructing urinals and compound walls for the two schools mounts to Rs.2,245. I request that Government may be pleased to permit the savings of Rs.1,010 out of the subsidy promised in G.O.No. 622 L.E.dated 16th April 1931 to be utilized towards the cost of constructing urinals and compound walls for the two schools. The balance amount of Rs.1,235 required for the said work will be met from out of the contribution proposed to be made for the --- purpose during the year from general revenues to the Elementary Education fund.

6. The work of the two school buildings is complete and subsidy of Rs.5,500 towards its cost has already been drawn as per G. O. No. 386 L. E. Ms., dated the 11th March 1932. A separate application for Rs.90, the balance amount of the subsidy due will shortly be submitted.

Your obedient servant,

Chairman, M.C.

cno. 2643 A From the D.P.I., No.1407 B/32 d.15-7-1932.

Construction of urinals and compound walls for the schools in Pentlandpeta and Attavar.

---

pp 1-2 c.F The D.P.I. recommends the proposal of the C.M.C., Mangalore, that the savings of Rs.1010 out of the subsidy sanctioned to the council in G.O. No.622 Edn. dated 16-4-1932, may be utilised towards the construction of urinals and compound walls for the schools at Pentlandpeta and Attavar, provided that the work is finished before the end of ~~1932~~ 1932-33 and the cost over and above the savings is met from the general funds of the council. The total cost of the works is estimated at Rs. 2245 and the saving effected (Rs. 1010) are less than one half of this cost. The proposal may be accepted. A draft order is submitted. It may be sent u.o. to the Finance Deptt. for acceptance.

(V)

pp 21/7. In memo no. 933 A-2 Edn dt 1.6.32 the Chairman (P) asked to forward the plans and estimates; but he has not forwarded them. It does not seem necessary to call for them.

ORDER.

No. 1147, dated 12 — 8 — 1932.

Ms.

The Government approve the proposal of the Municipal Council, Mangalore, that the savings of Rs.1010 out of the subsidy sanctioned in G.O. No. 622 Edn., dated 16-4-1931, towards the construction of buildings for the xxxxx elementary school for girls in Pentlandpeta and the elementary school for boys in Attavar may be utilised for the construction of urinals and compound walls for the schools. The subsidy payable by Govt. will be limited to Rs.1010, the balance of the cost being met from the general funds of the council. The work should be completed and the subsidy claimed before the 7th March 1933.
